Empira White

Designed for life

We have been designing and manufacturing premium surfaces for over three decades and we continue to push the boundaries of technical performance and aesthetic quality. Our current award-winning colour range has been designed with input from some of the world's foremost colour consultants and trend analysts, and suits all types of interior projects. All of our surfaces are stain, scratch and heat resistant and will look beautiful for years to come.

Equally important, they require minimal daily cleaning and, in most instances, a wipe with a clean cloth and a mild detergent will suffice. Additional peace of mind comes with a 25-year residential warranty and the knowledge that a host of after sales and technical specialists are available to you in the UK, should you have any questions about your project.

Price Group / 01

An essential suite of designs that work across a variety of domestic or commercial applications, from the sophisticated 3100 Jet Black and earthy 4350 Mink to the stunning 6011 Intense White. 6270 Atlantic Salt and 6141 Ocean Foam provide bolder looks inspired by aged granites and classic terrazzo.

6011
Intense White

Price Group / 02

Caesarstone Price Group 2 comprises 11 colours that span the breadth of the brand's design expertise. Alongside perennial favourites such as 4141 Misty Carrera and 4600 Organic White, sit exciting modern designs such as 4601 Frozen Terra, a minimalist take on the highly coveted terrazzo design.

The Art of Darkness

Caesarstone's new Dark range embraces a contemporary trend in interiors. Today, black has been reconsidered as a modern classic used as a stark accent for a powerful overall look. Dark slate and stone, along with oxidised metal and charred wood, are among the remarkable materials being combined in dramatic interiors and hospitality spaces.

From the classic luxury of 5101 Empira Black to the weathered 5810 Black Tempal, our dark designs offer captivating hues that bring elegance and intrigue to the home.

Price Group / 04

This price group from contains 20 products of outstanding beauty and quality in a variety of different aesthetics. A diverse suite of surfaces ranging from refined designs interpreting the nuance of natural stone to dramatically bold aesthetics covering a multitude of colours, tones and textures. Included in this group are also contemporary surface designs such as the elegant 4011 Cloudburst Concrete and earthy 4023 Topus Concrete.

Price Group / 05

The pinnacle of Caesarstone's design capabilities, displaying rare subtlety and elegance, these products offer unparalleled luxury for the home. Iconic designs, including 5031 Statuario Maximus, a rich, creamy marble with organic light grey veining, are joined by 4046 Excava, a unique surface that has been inspired by the intriguing patinas of cast and oxidized concrete.

The Metropolitan Collection

Caesarstone leads the industrial trend with the award winning Metropolitan Collection. Rough and unpolished, this bold look forms part of the revival of modernism, a rethinking of brutalism and the rekindling of industrial architecture.

Robust construction finishes have become a popular choice amongst consumers, inspired by factories and lofts and translated for residential and commercial interiors. Each energetically styled surface in the Collection has been designed to reflect the authentic textures of raw manufacturing, such as oxidized steel, poured plaster and raw concrete. Via innovative cutting-edge technology exclusive to Caesarstone, weathered patinas have been achieved in quartz for the very first time – a breakthrough that can be felt as well as seen.

The Supernatural Collection

The Supernatural Collection marks an aesthetic milestone for contemporary surfaces, combining the spirit of nature with the high performance of Caesarstone quartz.

The collection expresses the complexity, emotion and uniqueness of natural stone while delivering superior quality and durability. Taking inspiration from diverse geographies, cultures, architecture and interior trends, Caesarstone's design team capture the timelessness of marble, granite and travertine and interpret them for modern luxury lifestyles.

Some variation in colour and pattern can occur. We always recommend viewing a full slab or product installation as part of your colour selection process.

Virtually maintenance free, Caesarstone's hard, non-porous surfaces are simple to clean and require no sealing to renew their lustre. In most cases, soap and water or a mild detergent is enough to keep your Caesarstone surfaces looking like new. If necessary, you can use a non-abrasive soft soap along with a non-scratch or delicate scrub pad. Afterwards, thoroughly rinse with clean water to remove residue. Please note that Caesarstone finishes other than polished may require increased daily maintenance due to their distinctive appearance.

For added peace of mind, Caesarstone products come with a 25-Year limited Residential Warranty.

Quality and service

Caesarstone has received worldwide recognition for its commitment to quality, safety and environmental standards. Each one of our surfaces is carefully inspected to ensure that it meets the highest level of international quality standards. Our surfaces come with a 25-year UK warranty on domestic installations and are backed by professional customer service and support.
